

The company "Petres Vrakas" (Vrakas Stones) deals with stone processing and marketing of natural rocks and was founded in 1967 by Mr Ioannis D.Vrakas with main activity in marketing and placement of marbles. In the beginnings of 1996 the company was transported in its own privately-owned, modern facilities and with the upgrade of its equipment with new ultramodern and unique in their type machines deals until today with marketing and processing of natural rocks and slates. We are inspired by the greatness of nature, we always create taking into consideration the absolute quality based on our long-lasting experience and we are interested in the perfection of the result. Our objective is to serve our customers ensuring the unique, functional, economic, and certainly the personal style...
